OUR MISSION & GOALS

The Westchester Food Pantry has been a lifeline for thousands of families facing hunger and food insecurity. Thanks to the incredible generosity of individuals, businesses, and organizations in our community, we are able to **provide essential food support to Westchester** and seven neighboring communities: **Bellwood, Berkeley, Broadview, Hillside, Hines, La Grange Park, and Western Springs**. Our doors are open twice a week, and we are proud to serve approximately **5,000 households each year**. The pantry is **100% volunteer-run** and we rely entirely on donations to keep our pantry stocked and our doors open.

What truly sets the Westchester Food Pantry apart is our **focus, resourcefulness, and ability to adapt quickly**. We're not just handing out food; we're **building connections**, uniting communities, and **rallying volunteers around a common cause**. Everything we do is driven by the needs of the people we serve, ensuring that our efforts make a real, lasting impact.

As we approach our 30th anniversary in 2025, we are at a crossroads. To continue meeting the **growing demand**, we need to create a **more sustainable future** for the pantry. This means bringing on paid staff to help us expand our services and better serve our community. In order to make this vision a reality, we need your help.

We're asking for your support to help us increase our **annual budget by \$100,000**. By partnering with the Westchester Food Pantry, you not only benefit from valuable **tax deductions**, but you continue to **foster goodwill** in our community, **improve the lives of your neighbors**, and **increase your own visibility** within the community. This package outlines the various levels of sponsorship available. Your contribution directly impacts the lives of families in our community and helps us keep our mission alive. Together, we can ensure that the Westchester Food Pantry continues to be a vital resource for years to come. Will you join us in making a difference?

"Never doubt that a small group of thoughtful
committed individuals can change the world.

In fact, it's the only thing that ever has."
